- PC hardware and accessory repair, including but not limited to diagnosing problems and replacing defective components
- PC upgrades, including hardware and software
- PC software, including current operating systems, spreadsheets, mail application and word processors.
- Configuring PC network properties
- Install and configure network printers along with Printer maintenance and repair
- Basic Cisco/HP Switch configuration experience
- Ensure that all desktop computers are configured to City standards for hardware/software configuration and that all PC's are connected to the network and are available to network users.
- Troubleshoot basic network problems and report them to the networking administrator
- Provide consistent customer service to City employees
- Assist other departments in resolving any and all end-user issues
- Complete assigned tasks on a timely basis, including special projects and reports
- Evaluate new hardware and software for possible future use
- **Other duties as assigned**

QUALIFICATIONS:

- Associates Degree in the field of computer science and/or 2-3 years of equivalent work experience
- A+ Certification
- Switch/Router/Firewall Experience
- VMWare experience
- High School Diploma
- Good communications and people skills are required
- Some weekend or night work may be required to complete tasks needed for job completion

PHYSICAL REQUIREMENTS:

- Answer phone and perform user helpdesk functions to assist users in problem resolution.
- May be required to clean computer equipment.
- Lifts, pushes, drags, pulls, and carries up to 50 pounds of computer paper, equipment, and supplies.
- Must be able to sit for extended periods of time.

NOTE: The above statements are intended to describe the general nature and level of work being performed by the person assigned to this job. They are not intended to be an exhaustive list of all responsibilities, duties, skills and physical demands required of personnel classified.

APPLICANT: Are you capable of performing in a reasonable manner the activities involved in the job or application for which you have applied? Yes/No _____
